

JOCK'S WAGGIN'
TONGUE

Vol. 4 Thur August 29 No. 34

Jock McIntyre, Editor

Crop Report—Harvesting is progressing very well and another 10 days of good weather should see the end of it. Louis Fath has finished, Geo Baillie and Bill Bozarth are just started. Yields are going to average 39 to 35 bus. and all is No 1 Northern.

Again let us say to our friends and customers. Pay your local merchant out of your first five bus quota. It isn't that he needs the money but the fellow he owes seems to be crazy for it.

Constable Ridley will again beat our store next Saturday night for your convenience in registering your fire arms. Get them registered folks Sept 16 is the deadline.

We have a 1931 Ford a 1939 Ford a 1935 Chevrolet all are sedans, a 1931 Chevrolet Light Delivery and a Int. 1 1/2 ton truck all priced to sell and well worth it.

Jim Walker doesn't seem to be able to "take it" he's on crutches after a week in the elevators.

Grain elevators sure we "got em" \$86.50 for 16ft.

Co-ed: "I want you to tattoo a cat on my knee."
Tattooer: "Nepe. A giraffe or nothing."

While nails and bin wire are scarce articles, we are making fur fly in procuring it for you for we still want to be

Canada to Supply Army with Universal Carriers

UNIVERSAL machine gun carriers will soon be added to the list of army vehicles made in Canada for the fighting forces at home and overseas. These are equipped with caterpillar treads and are very manoeuvrable and speedy. They are armoured against small arms fire and will carry three Bren guns, or can be used to carry ammunition, wireless sets and other necessary equipment. They will be produced in the Windsor plant of Ford Motor Company of Canada, Limited, which has been selected as the most suitable for the production of this vehicle. In the lower photograph, Mr. Wallace R. Campbell, president of the Canadian Ford organization, is shown with Lieut.-Col. D. C. Warnica, officer commanding the Essex Tank Battalion, Windsor, inspecting one of the Universal carriers. Other army vehicles now made in the Ford plant in

Windsor include the powerful four-wheel drive gun tractor pictured above. These and other types of military vehicles are rolling off the assembly line of the Canadian Ford plant which is supplying nearly 10,000 units to the Canadian army and another

25,000 units for military purposes to other Empire governments. The plant is now being expanded by a \$700,000 addition to provide facilities for building Universal carriers and to increase production of other types of military vehicles.

Fire on Monday
Does Little Damage

A fire of unknown origin broke out near the Railway tracks north of the station on Monday night. The fire was first noticed by Miss Marjorie Ditto and Miss Shirley Taylor who gave the alarm.

A good wind swept it along quite rapidly and it reached the road beside Mr. Stephen's house before it was extinguished.

No property damage was done but with the start the fire had and the good wind behind caused much anxiety to the citizens in the path of the flames.

Shorty Bouzan came to the rescue with sacks soaked in water-brought to the scene by Mr. Doyle's truck.

On Monday of last week Mr. Hames while working on the a hammermill became entangled in the belt and suffered severe injuries to his left leg.

School Starts Sept. 3rd

Tuesday morning the old school bell will again ring out to call the students to classes. It is not likely there will be a large enrolment at the beginning of the terms as all available help is needed on the farms to harvest the crop.

The teaching staff is composed of Mr. Thomas, Miss Schultz and Miss Elmore in High School rooms.

Mr. Inman, Miss Orr, Miss Ellis and Miss Gladys Anderson will teach the primary and secondary rooms.

N. P. A. M. Issues
New Uniforms

Tuesday night the Champion and Vulcan boys who are attending the first N. P. A. M. Camp at Sarcee from August 1 to 15 were issued with uniforms.

The uniforms are of Kaki Drill and of good weight. They are patterned from the A. S. F. battle dress.

The cap is the of split pea design a short blouse is worn as in the active service uniform with the high waistbanded trousers. The boots are of the regular military weight and cut.

During the month of Sept. training will continue for one night each week in Vulcan and Nanton for those not attending the training camp.

The boys will report Sunday morning in Calgary and will march from the armies to Sarcee Camp (we are told some eight miles in new boots!)

Wheat Situation From
Pioneer Grain Review

The point that needs special emphasis in discussing loans on farm stored grain, says the Pioneer Grain Company in a review just published, is that such loans do not constitute a hand out to the farmer, and need not impose an increased financial burden upon Canada or upon the Dominion government itself. Through the Canadian Wheat Board Act the Dominion Government had already contracted to accept delivery of every bushel of wheat grown in 1940 at a minimum price based on 70 cents per bushel for One Northern in store Fort William or Vancouver. The farmer is entitled to that price and will eventually receive it. He would have received it immediately if storage space had been available to permit delivery. From his point of view loans on wheat are simply a partial advance against the minimum price.

At a conference held in Winnipeg under the chairmanship of Premier Bracken of Manitoba, the review continues, certain proposals were given approval. These do not form the only possible scheme of financing on farm-stored grain, but they are reasonable proposals and were put forward by a responsible group after due consideration of the alternatives.

Whatever is done should be done soon. There is increasing anxiety in Western Canada among farmers and business people generally and there are individual cases of very real hardship. Admittedly the problem is a difficult one, but the difficulties are technical rather than political and therefore should not prove insuperable. After all, the Pioneer Grain Co. concludes, the farmer is not asking for additional assistance he is asking only for an advance of part of the minimum price on grain which, through no fault of his own, he is not able to deliver into licensed storage.

Harvest is running along smoothly with no rain to ruin the ideal weather. The elevators are rapidly filling to their capacity. All the old buildings are being utilized to store the grain.

- Editorial -

THE CROSS STILL CENTRAL IN LIFE

In attending a church service on Sunday we were impressed with the remarks of the Divine regarding the Cross and its implications to our national and individual life.

Our private and national life has progressed too fast. Standards of living became higher and we accepted such as our right forgetting that some of our very neighbors did not enjoy these comforts or conveniences and perhaps was on relief. The spirit of aggression in the business world was rampant. Had we not been too busy in our own selfish ambitions we would have had time to see Germany rearm, and taken steps to prevent it, and more to the point we would have put an end to relief in Canada, a land of plenty.

In Germany too it was social injustices which allowed Hitler to rise, he playing one faction against the other. The League of Nations and the study groups which functioned across Canada, of which the writer was an ardent supporter, would have been much better to have made efforts to rectify the social and economic ills of the people instead of worrying about Collective security.

Finally we can never hope to have peace, true peace until we find in the heart of man, a desire to follow the principals of Christ. This means the Cross, the practice of unselfishness and thoughtfulness of others.

The church with all its failings, due to the faltering character of some of its members, is still the greatest factor in bringing life to its full blossom. The central teaching of the church is the Cross, and only as we learn to accept Christ's challenge to take up His Cross and go about doing good, can we hope to make this world safe for what we term democracy.

THE CHURCHES

Let us pray for Peace.

ANGLICAN

The King has ordered Sunday 8th September to be observed as a Day of Prayer. For the Anglican Congregation in Champion this will be anticipated at Holy Communion Service in the Community Hall at eleven o'clock.

Monkey Business

Three slightly deaf men were motoring from the north to London in an old, noisy car, and hearing was difficult. As they were nearing the city, one asked:

"Is this Wembley?"

"No," replied the second, "this is Thursday."

"So am I," put in the third. "Let's stop and have one."

The drunk weaved up the avenue and staggered into a beauty salon.

"Hello," he said, "ish thish the beauty shop?"

"Yes," replied the receptionist, "this is the beauty shop."

Well, bring one out," sputtered the souse, "Lin lonesome."

She left him on the davenport while she answered the phone.

"Who was that?" he asked. "Oh, that was my husband," she replied.

"Your husband! Then I had better be going."

"Oh don't bother, he's down town playing poker with you."

Pop: Well, I received from your teacher today.

Son: Honest Pop? Give me a quarter and I won't breathe a word about it.

Mother: "Wilkie, I'm shocked to hear you using such language. Do you learn it at school?"

Wilkie: "Learn it at school?"

No. Mom, I'm the one that teaches it to the other boys.

Cook: "Did the company say anything about the cooking?"

Maide: "No, but I noticed them praying before they started eating."

All Firearms Must Be Registered

Regulations which formerly applied only to revolvers and pistols have been extended by order-in-council to include all firearms, and such weapons as rifles and shotguns are no exception.

Rifles and shotguns must be registered not later than Sept. 15 at municipal or provincial police stations or with the R. C. M. P. Purchase and sale of rifles and shotguns are now subject to permit from police authorities.

Non-resident aliens who desire to import firearms for sporting purposes are obliged to secure permits from the Commissioner of the R. C. M. Police, at Ottawa. Resident aliens who desire to possess weapons surrendered, following an order-in-council of June 10, must also secure a permit from R. C. M. P. Commissioner in Ottawa.

Check-up To Be Made On Non-Registrants

A National check up of registration by police authorities started the day following close of registration booths, according to Mr Justice T C Davis deputy minister of National War Services. During the three designated days for registering millions of persons called at registration booths, manned by 50,000 appointed officials and 100,000 voluntary workers, to answer questions and receive a registration certificate.

Only a very small minority failed to comply with registration stated Mr Davis.

Gratification of the manner the manner the huge task was expressed by Hon. James G Gardiner, minister of National War Services,

Those who reached the age of sixteen after August 21 and hereafter will have to register within 30 days of their birthday

According to Justice Davis some constituencies have already reported that the task was carried out entirely free to the government.

Reports that blank certificate cards were obtained by certain persons, who might issue false certificates to people who do not wish to register are being investigated. Mr Davis points out that these would be useless, and they would be checked by the Dominion Statistician, Dr. R. H. Coats in five minutes. Six hundred clerks and statisticians are busy in the Bureau of Statistics classifying cards.

We all know we are in a fight for liberty to a finish. Do the Pool Officials? If the Pool officials do then why try to capitalize on the war? This is no time for such abominable tactics

Why mix up knowledge of momentous national decisions with Pool propaganda such as recently appeared under the headings of "Humanity Has Struck It's Tents" and "Eternal Vigilance Is The Price Of Liberty"?

If the officials really desire to give Pool members worth while information and believe that "eternal vigilance is the price of liberty" we would suggest two questions that must be frequently in the minds of former Pool farmers.

When will a payment be made on the \$29,000,000 that was taken for Elevator and Commercial Reserves?

Do these officials realize that not one cent has been paid in interest on that money for ten long years?

There are many more questions might be asked but there is a war on.
